To verify your payment details, please follow the steps below:

Log in to your **Client Area** and go to **Funds > Payment Details**.

1. Select the payment method and complete the required information (such as name, account number, etc.).
2. Submit the details for review.
3. Once approved, your payment details will be **marked as approved** in your portal.

Please note that for cryptocurrency wallet details, additional documentation may be required. If your status has not yet been approved, kindly check your email for further instructions.

**Note:** Approval may take up to 24 hours to complete.
