## Which Method Should I Use to Withdraw?

Dan Rikkou - 2026-02-26 - [Comentarios \(0\)](#) - [Withdrawal](#)

You must withdraw your funds using the **same payment method** you used to make your deposit. This is required by regulations. Available withdrawal methods may **vary by country**.

To see which withdrawal methods you can use:

- Log in to your **Client Area**
- Go to **Funds > Withdraw Funds**

If you deposited using a debit or credit card, your withdrawal will be sent back to the same card as a refund. Any amount over the card refund limit, or any profits, can be withdrawn using other available methods.
